<Strom: Ranking VDEW Jahresstatistik 2005 (Stromabgabe an Letztverbraucher 2005); die E.ON AG hat die Ranking-Nummer 1 in der VDEW-Statistik mit einer Stromabgabe an Letztverbraucher in Höhe von 90.300,0 GWh>

~Angaben sind ungefähre Einordnungen der Unternehmen in die Rankings des VDEW und des BGW anhand veröffentlichter Daten der Unternehmen. Die Einordnung erfolgte nur näherungsweise, da sich veröffentlichte Angaben zu den Energiemengen je nach Unternehmen sowohl auf unterschiedliche Jahre beziehen als auch unterschiedliche Energiemengen darstellen (Abgabe gesamt, Abgabe an Letztverbraucher, entnommene Jahresarbeit, Stromverkauf). Bei kleinen Energieversorgern sind Unterschiede zwischen den oben genannten Energiemengen allerdings oft vernachlässigbar gering.

E.ON strebt Rückzug von der New Yorker Börse an

- **Transparente Finanzkommunikation und Corporate Governance weiterhin gewährleistet**
- **US-Strategie davon unberührt**

E.ON beabsichtigt, das Delisting ihrer American Depositary Shares (ADS) von der New Yorker Börse (NYSE) sowie die Deregistrierung und Beendigung ihrer Berichtspflichten bei der amerikanischen Börsenaufsicht Securities and Exchange Commission (SEC) zu beantragen. Dies hat der Vorstand der E.ON AG in seiner Sitzung am 21. August 2007 beschlossen. E.ON geht davon aus, dass das Delisting am 7. September 2007 nach Börsenschluss in New York wirksam wird.

E.ON-Finanzvorstand Marcus Schenck dazu: "Das Delisting und die Deregistrierung haben keinerlei Einfluss auf unsere Strategie in den USA. Mit diesem Schritt wollen wir Komplexität und Kosten reduzieren. Erstklassige, transparente Finanzkommunikation und Corporate Governance haben unverändert oberste Priorität bei E.ON. Wir werden auch in Zukunft einen offenen und direkten Dialog mit unseren US-Investoren pflegen."

E.ON beabsichtigt, das American Depositary Receipt-Programm auf sog. Level I-Basis fortzuführen, um Investoren die Möglichkeit zu geben, ihre ADS zu halten und außerbörslich in den USA zu handeln. E.ON-Aktien werden weiterhin in Deutschland an der Frankfurter Börse einschließlich XETRA, dem integrierten elektronischen Handelssystem sowie an den deutschen Regionalbörsen gehandelt.

E.ON hat heute die NYSE schriftlich darüber informiert, ihre Börsennotierung beenden zu wollen. Der entsprechende Antrag auf Form 25 soll am 31. August eingereicht werden. Das Delisting wird voraussichtlich 10 Tage nach Antragstellung wirksam. Der Handel mit E.ON-ADS an der NYSE wird danach nicht mehr möglich sein. Nach erfolgtem Delisting wird E.ON bei der SEC den Antrag auf Deregistrierung auf Form 15F einreichen. Die Deregistrierung wird voraussichtlich 90 Tage später wirksam. E.ON behält sich das Recht vor, ohne Angabe von Gründen die Anträge später einzureichen oder vor einem Wirksamwerden zurückzutreten.

Das Unternehmen wird weiterhin Geschäfts- und Finanzberichte sowie Finanz-Pressemitteilungen in englischer Sprache anbieten und auf seiner Internetseite www.eon.com veröffentlichen.
